

Hon. Z. P. SMITH, of Henry county, is a candidate for Superintendent of Public Instruction.

DR. H. A. M. HENDERSON, of Barton county, is a candidate for election to the office of Superintendent of Public Instruction.

Hon. R. P. HOCKER is a candidate for the Legislature subject to the action of the Democratic party. Election August 1879.

OUR PROSPECTS AND DUTY.

National politics have engrossed the attention of the people of the United States, until State affairs have sunk into a secondary condition, and that which ought to be prominent, the welfare of each State, is lost sight of. Congressional matters and political management for the next Presidency absorb all interest. It is high time the people were awakening to the fact that without a prosperous condition of the States, the National Government would be in a beggarly condition. Suppose the States, from inattention, were like Tennessee, already upon the eve of repudiation, what advantage would it be either to have a Congress or President? North Carolina but a little better off than Tennessee, is proposing to pay off her debt at 40% of the principle of some of her bonds, 25% and 15% upon others. We ought to take this admonition and improve it, for neglect of our own affairs may involve bad legislation and not withstanding we are in a condition similar to the healthfulness financially, of Mississippi, we might be embarrassed and bankrupted. We want no wild and expensive legislation, nothing but substantial improvements in the navigation of our waters, rigid economy in the administration of all the affairs of the State, and light taxation upon the people, thus recognizing the fact that taxation ought only to be levied for making and administering the laws. Such improvements as are plainly practicable and admittedly remunerative, in reaching the natural wealth of the State and conveying it to market, and the stability and prosperity of Kentucky will be insured. Now upon the eve of choosing legislators and officials of the State it is commendable to select suitable ability and too much care cannot be taken in the choice, upon this hangs all that is valuable to the State. The very best material ought to be selected, intelligent sensible men, men of experience and firmness, honest men, alive to the necessities of the people and the responsibilities of the positions with which they are entrusted, finally the ablest and the best. We have such men and wisdom demands that of such material we furnish our proportion to the State.

For Superintendent of Public Instruction.

The Republican convention of this county, on the 3rd inst., unanimously recommended Prof. Malcolm McIntyre, as a suitable and capable man to fill the position of Superintendent of Public Instruction. Prof. McIntyre is a native of Maine, but has been a citizen of this State for 21 years past. He was fitted for college at Phillips Exeter Academy, of New Hampshire. He taught as assistant at Westbrook Academy, in Maine, in 1855. He graduated at Bowdoin College, in the class of 1857, and soon after, was chosen as principal of Painesfield (Me.) Seminary. He came to this State in 1858, and taught in Owensboro from 1858 to 1863. About this time his health failed, and he concluded for awhile, at least, to abandon teaching. He entered the Government service, and from then to 1874, he was engaged in the revenue service all the time, except a short time which he was engaged in the Provost Marshal's Office. Since 1874, he has taught school here in Hartford, and given very great satisfaction. He is a staunch Republican, and is, no doubt, as well fitted for the position as any one of his party mentioned in connection with the office. His experience as a teacher, gives him a good idea of the wants of the school interests of the State, and if a Republican should step in, we would like for Prof. McIntyre to be the man.

THE DEMOCRATS OF OHIO COUNTY.

The Democrats of Ohio county are called to meet here next Monday, to select delegates to attend the State Convention, which meets in Louisville. May 1st, to nominate candidates for State offices. Reports came to us that quite a number of the conventions held in other counties have been boisterous noisy and rude. For the sake of the good name of the Democrats of Ohio county, let this not truly be said of our convention. Let every Democrat who feels a sufficient interest, (and every one should) attend, and in a fair, honest way, express his preference for the aspirants for the different offices, and let those who find themselves in the minority, gracefully yield to the wishes of the majority. Let it be said of Ohio county Democrats, that they had the most orderly convention yet held in the State.

Just as the Rev. T. Dewitt Talbot.

begin to make his influence felt for good, a lot of envious, bigoted religious folks undertake to pull him down. They have him arranged for trial before a Brooklyn Presbytery, charged with a lot of frivolous things, and are delaying from day to day to bring the matter to an end. Some of the witnesses cited by which some of the charges were to be proven have published a card saying that no such proof can be made by them.

COL. JOHN P. BARRETT, of the

Hartford Herald, and Col. S. P. Love, of this place, are having a lively controversy through the columns of the Herald, on the "Morehead question." Col. Love thinks Judge Morehead had a right to refuse John Blacklock to try by jury, and Col. Barrett thinks he did not. The entire population of Muhlenberg and Ohio counties breathe with interest the result of the discussion. (Muhlenberg Echo.)

Now Ury, why not tell it right.

We have never expressed an opinion about the right of trial by jury. We have combatted the idea of the right of Police Judges of smaller towns, and villages, to summon and impanel grand juries. We have also had a few passes about jurisdiction.

C. T. BARNARD says, he was opposed

to the resolution passed by the Greenback Convention, No. 5, except the first two lines. The resolution is as follows:

We believe that greenbacks, and the union soldiers saved the government, and if resumption of specie payment is to be the policy of the government, we have a right to demand a readjustment of the pay accounts, of the union soldiers, and they be paid gold, or its equivalent, for all the time they served in the army.

Mr. Barnard was one of the members of the convention.

HON. R. P. HOCKER is this week

announced as an aspirant for Legislative honors. Mr. Hocker is well known to the voters of the county, and needs no introduction from us. He was elected to the position he now seeks, in 1875, and served very creditably to himself and his constituents. He is a young man of fair attainment, moral habits and an unspotted reputation, and it elected, will no doubt, represent the interests of the people faithfully.

THERE is considerable of prophecy

in the old Plantation Bitters legend, "S. T.—1860—X." We had almost forgotten the somewhat celebrated cabalistic combination, but the coming Presidential elections of next year brings into our mind that "S. T.—1860—X" means "Sam Tilden plus X, plus another X, equal 1880," and therefore you can draw your own conclusions!

WHEN a man comes to us seeking

office, and claims our support on the ground that he was a Federal or a Confederate soldier, we set it down as a fixed fact that he possesses no real qualification for the position he is after, that he is conscious of the fact, and that he hopes to play upon our sympathy for the one side or the other in the late unhappy conflict. And we gently pass him by. (Breckenridge News.)

For a few weeks past, quite a war

has been waged between the Short Line and the Shelbyville railroad. They refused to connect for a time, and the courts were applied to for injunction, &c. &c. We are glad to see from the Courier-Journal that the little unpleasantness has blown over and connections are now made as usual.

MR. JESSE H. TALBOT, of Fayette

County, Ky., went to Leadville, Colorado, about one year ago, and has already made about a half a million of dollars speculating in mining stocks. Now every fool that reads this will want to go at once, but possibly out of 1,000 men another might not do so well.

HON. D. R. MURRAY, Senator from

our neighboring district, has resigned as editor of the Breckenridge News, and will try the famous town of Leadville, Colorado. Rev. J. L. Edrington has also resigned as editor of the News, which leaves Mr. Wallace Gruelle, as sole editor.

THE mortality among the convicts

in the penitentiary at Frankfort is fearful, greater than ever known before. The building is capacious for about 500 and has about 1,000 in it. The next Legislature must devise some means to remedy this.

THE Democrats of Breckenridge

county, select a candidate for Representative by Primary Election, on the first Saturday in April. R. L. Pierce, of Cloverport, is announced as a candidate for the nomination, also W. D. Holt, of Holt's Bottom.

The Republicans of Butler county,

on Monday of last week, nominated Jeff. Belcher, for the Legislature. When he begins the canvass and is called upon for his platform, guess he'll Belcher out like a little man.

The Democrats came back into

power in the Senate of the United States yesterday, and strange to say, they have the very same majority now that they had 18 years ago, when they last were in the majority.

RANDALL beat Blackburn in caucus,

the plan of smoking his seed corn and finds it keeps insects from eating it and insures a good stand. Will some of our farmers please try the experiment and report the result to us.

THE Duke of Connaught, son of

Queen Victoria, of England, and Princess Louise Margaret, daughter of the Prince and Princess Frederick Charles, of Prussia, were married last Thursday.

The Greenbackers of Christian

county, recommended Hon. Job Clark, of that county, for the nomination for Governor. They nominated Maj. E. G. Hale, for representative.

The Greenback convention meets

in Frankfort to-morrow; the Republican in Louisville on the 10th of April, and the Democratic in Louisville May the 1st.

GREENVILLE, KY., March 14.

Editor Herald:

The same dearth of news, nothing new to report. The fraternity are diligently employed taking proof in actions that are being prepared for our Circuit Court, commencing the 3rd Monday in next month.

A Mrs. Knowls an inmate of our county poor house, died on Monday, from injuries received at the hands of her insane daughter, who was at the time also an inmate of the poor house, the daughter having been declared a lunatic by a jury, is now confined in jail awaiting the orders of the authorities of the Asylum at Hopkinsville.

There is also confined in jail another lunatic, a negro, by the name of James Rice, he had heretofore been an inmate of the Anchorage Asylum, but escaped and made his way here, he will be sent back when proper orders are received.

Police Court was in session all day

yesterday, trying some negroes who were engaged in a *Charivari*, at the residence of a venerable "colored individual," named Andy Boggs, the scene in the court house, the "old man," giving in his testimony, his exerting and gesticulating manners afforded immense fun to the audience, it was a fine picture for Nast, however nothing came of it, the jury concluded it was a little fun on the part of the boys, and let them off without a fine.

We have had fine weather for the last few days, a scarcity of people in town, which seems to say notwithstanding the hard times and scarcity of money they intend to strive to make a large crop, in fact, there seems to be great exertions on the part of the farmers of the county to pitch (as it is called,) a large crop. A few days ago I rode some 15 miles through the county, and I have rarely ever seen as many plant beds, and as large ones as I saw that day.

In the Nelson Creek neighborhood, as I am informed, mad dogs are numerous, several have been killed, and others at large, a general hunt for them by the citizens, the scare is so great that families are afraid to leave their homes, and parents keep their children from school on account of them.

And you stuck to it, like the fellow who swore the horse was "18 feet high." Our friend misses it again, he refers to the law which only gives Justices of the Peace jurisdiction to try riots, &c. It cannot possibly include the Police Judge of South Carrollton, or any other, &c., for it is an act to amend subsection 5 of sec. 13, Criminal Code, &c. And I repeat, he (Police Judge Morehead,) cannot lawfully try anyone for a breach of the peace. Why, friend B., I thought from comments in the 5th of March number of your paper, that you were conversant with all the acts of the Legislature in reference to the town of South Carrollton, the duties of the Police Judge and his jurisdiction, that I thought it useless, to tell you, when I said that the amendment

caused the face of the neighbor to corrugate to such a degree that his forehead looked like a wash board. Mv.

"CAN'T pay you the money due February 1," says the Auditor to the school teachers, "because the Sheriffs have not settled." Says the Hart Democrat: "Sheriff Mansfield has the money to pay the last nickel, and has been trying to get a settlement with Mr. Smith for a month, but he is too busy canvassing just now to receive money." (Courier-Journal.)

HOME MATTERS

LECTURES BY HARRITT—Local Editor

WEDNESDAY, MARCH 19, 1879.

BRIEF MENTION.

—The winter king seems loth to vacate the throne.

—If you want a pair of good plow shoes, call on L. F. WOERNER.

—Don't forget that Thomas Bro.'s have horse collars at 40 cents.

—The town scale is being rapidly repaired and will soon be ready for use.

—Read the large advertisement of Julius Winters & Co. on first page.

—The young gentlemen of town gave a very pleasant party at the Hartford House last Monday night.

—Col. C. T. Baird, of Frankfort, is spending a few days with his parents and friends at this place.

—J. S. Newcomb has contributed to our museum, a petrification of some kind, but just what, we are unable to tell.

—Dr. W. H. S. Crabb has contributed to our museum an old coin dated 1780, and consequently is now 99 years old. It is worn quite slick.

—Our Caneyville friend will please write on one side of the paper only, next time. His items are good and we hope to hear from him every week.

—Go to W. H. Williams & Son's for fresh oysters, and all kinds of fresh meats, which are kept on hand all the time. They also buy and sell all kinds of country produce.

—We regret that several typographical errors occurred in our Green-ville communication last week, but such things will occasionally happen in the best regulated offices.

—We will issue from this office some time this week, a trade sheet for Mr. J. T. Ighehart, the stock salesman. There will be about 2,000 copies run off, and it will be a good advertising medium.

—Read the new advertisement of Haden & Field, Livery Stable men, in this issue. They are energetic young men and mean business. They deserve well at the hands of the public.

—Messrs. Bone & Daniel have leased the "Favorite Milk" at Spring Lick, Grayson county, and propose to do business on a fair and just basis, and "share with a big anger." See the hand bills issued from this office.

—Spring time is coming gentle Arnie, and D. F. Tracy is coming to the front and announcing his willingness and ability to do any kind of good work for our agricultural citizens. Call on him when you feel anything.

—The most beautiful sight that the eye ever witnessed was that of the reflection of the sun, Monday morning, upon the ice-covered trees in and around town—causing each of them to look like a cluster of a million diamonds.

—The March term of the Ohio Criminal Court will commence next Monday. We presume a great number of men will have business engagements out of the county until they hear that the grand jury has closed.

—Communications from friends at Buford, Beaver Dam, White Run, Roanoke and "Poor Neck," all crowded out this week for want of space. We regret this, as all these communications contain items of interest to our readers.

—Geo. A. Platt keeps a full line of all kinds of groceries, hardware, canned fruits, &c. He takes in exchange for goods, all kinds of country produce. When you come to Criminal Court next week, don't fail to call on him.

—Read the proclamation of E. Small. He means what he says, and wants the readers of the Herald to come and see for themselves. This store presents quite an attractive appearance, and is full to overflowing, with all the new and stylish goods to be found.

—Deputy Sheriff, Geo. W. Bunker, and B. E. Richardson, went out one night last week and arrested Peyton Hamilton, charged with breaking into a store house at Hines' Mills, about a year ago. They found a big knife on his person, and he was also called to account for that. Judge Newton held him to answer in both cases. He is boarding at "Castle Sullenger."

—Our city "dads" are having the town scale fixed up in excellent order. They will now weigh anything correctly from the size of four pounds up. They are also preparing to at least thinking, of building stock pens for the benefit of stock raisers. This would be evidently right and proper and would meet with the unqualified approval of almost every tax-payer in town.

—Mr. Chas. Blacklock, who received a very serious and painful wound in the leg by an accidental pistol shot, an account of which we gave week before last, we are glad to learn, is convalescing. It was thought by his physicians for several days, that amputation would have to take place, but the ball having been extracted, it is now hoped that he may recover. Drs. Meador, Miller and Pendleton are the faithful and competent physicians who attended him.

PERSONAL MENTION.

—Mr. Welby Coffey and wife, of Owensboro, are guests of the Hartford House.

—Mrs. Lou Brown, of Masonville, is visiting her sister, Mrs. Bennett, of this place.

—Mr. W. H. Eildon, of Owensboro, spent a day or two in town last week visiting relations.

—Mr. David W. Herring, of Morgantown, paid his respects to the Herald office, last Saturday.

—Miss C. C. Coyle, a beautiful brunette, of Louisville, is visiting her uncle, Mr. George Klein, of this place.

—Mrs. Dr. Davis, of Pleasant Ridge, Daviess county, is visiting her parents, Mr. and Mrs. Wm. Hardwick, of this place.

—Mr. W. A. Brotherton of Owensboro, spent a day or two in town last week visiting the family of Capt. Sam K. Cox.

—Mrs. John Brotherton, of Owensboro, accompanied by her daughter, Miss Fannie, are in town, the guests of the family of Capt. Sam K. Cox.

—Our worthy townsman and ex-livery stable keeper, Mr. J. F. Yager, returned last Saturday from a visit to friends and relatives in Henderson.

—Mrs. W. H. Owen, of Owensboro, accompanied by her beautiful little boy, Master Ellis, is visiting her mother, Mrs. Mary A. Thomas, of this place.

—Mr. Wm. D. Shensbury, living near South Carrollton, was in town last Tuesday night, the guest of the Hartford House. Of course, he called to see us, while here.

—Mrs. Mary Thomas, who has been absent for several weeks visiting her daughter, Mrs. Fannie Johnson, of Terre Haute, Indiana, returned home last Thursday evening.

—Miss Nannie Eden, of Paducah, who has been spending the winter with her sister, Mrs. C. L. Field, of Buford, is visiting Mr. and Mrs. Henry Field, of this place.

—Our jailer, Mr. E. L. Sullenger, has been confined to his room for a week or two with affliction of the eyes. During his illness Mr. Lou Hill has been acting as deputy jailer.

—Mr. R. D. C. (X. Y. Z. and the rest of the alphabet) Mosley, formerly a citizen of this town, has returned and has taken a position behind the counter in Mr. J. A. Thomas' dry goods store.

—We will not tell who she was, but as she was coming up the plank walk yesterday afternoon, we noticed her take a bite of an apple, and with a blush of modesty, cautiously slip the balance in her check pocket.

—Our young friend, E. H. Rowe, of Spring Lick, Grayson county, spent several days with his parents in Center town last week. He called in last Saturday and placed us under renewed thanks by renewing his subscription.

—Prof. J. M. Habbell, of Bowling Green, a prominent candidate for the office of Superintendent of Public Instruction, spent several days in our midst last week. The Prof. made a very favorable impression with our people.

—There is a lady in Conway county, Arkansas, Mrs. B. B. B. by name, who has been married thirteen times and has kept as a token of remembrance, a hat of each husband. She offers any young man \$2,000 to wed her the 14th time.

—Our old friend and former county man, Isaac Ashby, now a citizen of Missouri, called to see us last Saturday. He invested \$1.50 in the Herald, and proposes hereafter to keep posted in Ohio county matters. Mr. Ashby left here about ten years ago. Time seems to have dealt kindly with him, as he looks very much the same.

—Mr. A. H. Cummings, former foreman of this office, has purchased the Rockport Register office, and will begin the publication of a Republican paper in this place about the 25th of this month. The paper will be a seven column folio and is to be called the Ohio County News. It will issue on Tuesday. We wish our neighbor success.

—We had not seen our old friend W. H. Rust, for a long time, and supposed he had rusted out, but he hopped in on us last Thursday evening, looking as fresh and flourishing as a "green bay tree." He is representing "R. L. Akin & Co., of Evansville, who are the proprietors of Armistead's Ague Tonic, Cloud's Cordial and other medicines.

—Capt. W. H. Sandusky, the prince of landlords and the proprietor of the "Sandusky House," Owensboro Junction, called to see us Saturday. If any of our readers want to get a good square meal as good as can be had anywhere from Maine to Texas just try the Sandusky House, once, and if they are not satisfied, we'll "set em up."

Barnett's Creek News.

BARNETT'S CREEK, Ky., March 15, Herald.
On last Monday 10th, of this month, Mr. Granville Patton, got his stables and corn crib burned down, with all his corn, gearing, and several other things. He went to work in his clearing, and took fire on a board, and a spark blew into the crib, and in five minutes it was in a light flame. Loss about two hundred dollars. We had the pleasure of witnessing the marriage of Dr. G. W. Chapman, to the widow, S. A. Dodson, at the brides home Thursday, March 13th, 1879. It was quite an enjoyable affair. The boys came around, with their music boxes, and I saw, quite a nice serenade, there were thirty two men, in the serenade. Mr. Leonard Hoover, Jr., of this neighborhood, died of pneumonia to-day, aged about twenty-four years. Miss Caroline Sutton, died of consumption, to-day. She was also a resident of this neighborhood. She was a young lady, just in the prime of life. Mr. Joel Elmore, of Bull Run, neighborhood, is very low with pneumonia, but the doctors think he will recover.

With all my well-wishes to your valuable paper, I close.

TEXAS RANGER.

Caneyville Jottings.

CANEYVILLE, KY., March 15, Herald.

W. H. Barnes, and J. R. Bond, seem to be very uneasy from some cause I think the reason is a stranger has come to town, and is lively among their sweethearts.

Daniel & Co., have employed Mr. S. C. Dewees, to make their headquarters this season as he is a good cooper.

J. R. Bond, has gone to chewing and smoking tobacco. Keep the warehouse doors shut boys.

Mr. Craig, an ax handle man, from Spring Lick, passed last night very pleasantly until two o'clock.

The price of chickens and eggs have gone up since Mr. Frank Turpin, came here, he can eat one dozen chickens, five doz eggs, he is not particular whether they are picked or not, take uncooked, rather than have a fuss in the family.

Miss Willie Shaffer, is still improving, she is going out buggy riding as soon as the weather will permit.

W. H. Barnes, I think, has quit selling goods, and gone into the eucalyptus business, that is to eucalyptus people out of their tobacco, with the price.

Mr. Anderson Blain, has gotten over the measles and gone to putting up tobacco, this is the year for him. Look out girls, as he is a bachelor.

Dr. J. N. Branden, has purchased a fine buggy, the girls can go riding now, as the Doctor, is a lady's man.

Daniel & Co., have received 12,500 lbs. of tobacco and they have out 25,000 lbs. yet, and they are still buying.

Mr. Scott, is stopping at Mr. Tom Bonds, while he is putting in the switch at Lewis Mill.

I think, a few hundred yards of hitching racks, would accommodate a large number of our customers when they ride to town.

Wilson & Bro., have just returned from Louisville, and they have purchased a large stock of dry goods. Call and see them—they will sell them as cheap as any one.

Dr. R. W. Brandon, says there is a good deal of pneumonia in the country. He is riding day, and night.

Evans & Keutauver, who have been selling goods here for the last year are going to move to Big Chilly, where they think they can do better. They will be missed, as they are business men.

Mitchell & Hall, from Hawesville, Hancock Co., have rented the warehouse, owned by Porter & Eckridge, for the purpose of putting up tobacco.

I hope they will get their share, as they are nice men.

R. W. Tilford, of Short Creek, is coming here in two weeks, to go into the drug business, as the local option, takes effect in May.

There was a fight in town between Ben Owen, of color, and uncle Jack—ending, with uncle Jack, getting a few bruises.

J. R. Bond, is going to study Medicine or marry, cant say which—time will tell.

We have a young man in town, that had rather tell a story, on six months time than to tell the truth for cash.

Suffering for a Life Time.

Persons afflicted with rheumatism often suffer for a life time, their tortures being almost without remission. The joints and muscles of such unfortunate are in many cases shockingly contorted and draw out of shape. To afford them even temporary relief, the ordinary remedies often prove utterly useless. Hostetter's Stomach Bitters, on the other hand, is avouched by persons who have used it, to be a genuine source of relief. It keeps the blood cool by promoting a regular habit of body, and removes from it impurities which, in the opinion of all rational pathologists originate this agonizing complaint and its kindred maladies, the gout. Besides this the Bitters remedies disorders of the stomach, liver and nerves, prevent and eradicate intermittent and remittent fevers promote appetite and sleep, and are highly recommended by physicians as a desirable medicinal stimulant and tonic. 9-1m

Wedded to Laura.

She was beautiful, he loved her devotedly, and happiness seemed to pervade their every act. But trouble came. Sickened, paled, Laura's blooming cheeks, dulled her sparkling eyes, enfeebled her constitution, emaciated her beautiful form, unstrung her delicate nerves and unfitted her for active life. With an aching heart, her husband consulted doctors, administered their medicines and talked with friends. Notwithstanding all this care and attention, there appeared no relief for her aching head, that painful back, that irregular uterine action and that emaciation. Another friend called who had seen such sickness and at once suggested the use of Dr. Dromgold's English Female Bitters, as she had known it to cure similar cases. Her husband procured it at once and placed her upon its use. He soon had the satisfaction of seeing Laura restored to health again.

A WAIL FROM THE LIVER.

Friends, stop and think awhile. Indeed I am not responsible for all the aches and pains that flesh is heir to. I am not the daddy of all the headaches, all the constipations, all the liver troubles, the biliousness, the sick stomachs, all the chills; all the four tongues in the land. Indeed I am not. I am generally in a pretty good fix and feel like doing my work well, but for a few years you have worked me nearly to death. If you don't stop I shall die. My dear neighbor, Mr. Bowels, is more at fault than I am. He refuses me exit through the gates and causes nearly all the headaches, constipation, sick stomach, heartburn, etc. I can tell you the very thing that Mr. Bowels, and it will do the work quietly, effectively and pleasantly every time. Give an occasional dose of that delightful purgative known as Bailey's Saline Aperient. It acts like a charm and cools me off so nice. Let me alone please.

THE LIVER.

It contains no quinine, arsenic, mercury, or other deleterious drugs. It does not produce headache, roaring or buzzing in the head, dizziness, dimness of vision, or any of those unpleasant symptoms that so frequently follow the use of quinine. Day's Ague Tonic cleanses the stomach, unloads the liver, opens the bowels, and tones the system without the use of any other article, hence its cures are prompt and permanent. One bottle frequently cures a whole family. Children and those of delicate stomachs can take it with ease. All who sell it say it is superior to any other.

Change of Programme.

The days of resumption are now upon us, and I fear it will be unprofitable to me as well as my customers to continue longer the credit system. I will, therefore, on and after January the first, offer my entire stock of merchandise at bottom prices, strictly for cash or in exchange for country produce, thereby save money for my patrons and trouble and expense to myself. All parties indebted to me will please come forward at once and settle their accounts and notes; by so doing will save cost and trouble. Thanking you for your patronage in the past, and hoping that I may merit a continuance of the same in the future, also wishing you a Happy New Year, I am yours respectfully, L. P. BARNARD, Beaver Dam, Ky., December 24th, 1878. 5-1f.
